

**Refrigeration Application Engineer – Leeds**  
**Beijer Ref UK & Ireland**

Beijer Ref UK & Ireland is a leading refrigeration and air conditioning wholesaler, with 47 branches and two central distribution centres. We're committed to delivering exceptional service, high-quality products, and industry-leading technical support across the UK and Ireland.

We are looking for a **Refrigeration Application Engineer** to join our Technical team in Leeds. In this role, you'll provide expert technical support, select and specify equipment (including A2L and CO<sub>2</sub> systems), prepare quotations, and support both customers and internal teams with product knowledge and application guidance.

---

**Key Responsibilities**

- Provide high-quality pre-sales and after-sales technical support to branches, sales teams, and customers
- Select refrigeration equipment from the company portfolio, ensuring accurate specification
- Prepare professional, detailed quotations when required
- Support Technical and Project Engineers, including occasional site visits
- Take ownership of technical and product management for a designated product range or subject
- Contribute to product development and the introduction of new products
- Deliver technical presentations and product training when needed
- Develop and maintain technical selection tools
- Mentor Trainee Engineers and support team development
- Work to agreed SLAs, KPIs, and company procedures, including GDPR and Health & Safety compliance
- Maintain commercial awareness when supporting customer requirements and negotiating sales

---

**What We're Looking For**

- Experience in refrigeration engineering or similar technical role (A2L and CO<sub>2</sub> preferred)
- Strong technical knowledge of refrigeration equipment and system applications
- Excellent communication, problem-solving, and customer support skills
- Commercial awareness and attention to detail
- Self-motivated, organised, and able to manage multiple tasks
- Full UK driving licence (site visits may be required)

---

**What We Offer**

- Competitive salary
- 25 days holiday, increasing to 30 days after 5 years
- Pension scheme and life assurance
- Employee Assistance Programme
- Bike to work scheme
- Supportive, collaborative, values-driven work environment
- Opportunity to influence product development and technical strategy

---

Join Beijer Ref and help deliver technical excellence to customers and teams across the UK.

**We are an equal opportunity employer**
